ABOUT IETMSC

The **Institution of Engineering and Technology (IET)**, UK, world's one of the oldest and largest Technical Society, is a non-profit making professional body. The IET was formed by the Institution of Electrical Engineers (IEE) and the Institution of Incorporated Engineers (IIE) and now has more than 150,000 members worldwide. It is the largest professional engineering society in Europe and the second largest of its type in the world. The IET is a leading authority, through its members, in the area of Electrical, Electronics, Computer Science, Information Technology and Mechanical Engineering. The vision of the IET is worldwide prosperity of mankind through technical innovation and exchange of knowledge, which needs to be translated into practices through innovative and emerging ideas involving technologists, academicians, consultants, managers etc.

The IET-UK Chennai Network was formed in early 1940's from the erstwhile Indian Branch of the IET. The Chennai Network is the largest branch of The IET-UK in India and is distinguished by its extensive technical programs. In realizing the vision of the society, the IET-UK Chennai Network organizes technical workshops, seminars, conferences etc. from time to time to share the experience and expertise of professionals around the globe in the development of en-

ergy sector and country as a whole. The Younger Member Section of Chennai Network (YMSC) was formed in 2006 with more than 500 student members and 10 student chapters. It regularly organizes workshop, conference, awareness camp, awards, medals, technical events, technical news letter etc for its student members.

To become member of IET, visit www.theiet.org, www.ietymchennai.org for membership benefits and registration application formalities. Any queries regarding membership, contact at ietymchennai@rediffmail.com.

HIGHLIGHTS OF WORKSHOP

To explore and discuss issues of multiple methodological practices, empirical materials and perspectives. To ascertain the limitations in combining qualitative approaches and methods across different disciplines, between and within competing and overlapping perspectives and paradigms while identifying a wide range of methods and techniques of data collection, problem identification, paper writing, plagiarism and analysis.

RESOURCE PERSONS

Dr. Subir Kumar Sarkar

Professor, Jadavpur University, Kolkata
Deliver Talk on "Research Problem Identification" and "Financial Assistance for Research Work"

Dr. K. Selva Kumar

Professor, NIT, Trichy
"An Overview of Research Methods and Methodologies"

Dr. Shreepad Karmalkar

Professor, IIT, Madras
"Thinking and Communication Skills in Research"

Dr. S. Ravi

Professor, Dr. MGR University, Chennai
"Plagiarism in Research"
"Writing and Publishing Research Article"
